

RECALLED MANY MEN FROM LEE; AGENTS REPORT

FEDERAL INVESTIGATOR TELLS OF HIS WORK IN THIS COUNTY.

CITY MAN NO GOOD ON FARM

E. J. Countryman Tells The District Board He Isn't Worth Shooting.

Freeport, Aug. 20.—John Egan of Lee county, a prosperous farmer, was before the district exemption board to answer questions concerning a number of applicants for exemption. Mr. Egan is an interesting man 69 years of age and his suggestions to the board on various topics were appreciated.

Much "Illness" in Country

From the living examples which appear before the board and from the statements made to them by people appearing there it seems that there is a general epidemic of all diseases in the medical books in the district. The board members yesterday remarked about the different forms of illness claimed and Dr. Stealy is busy at times making an explanation of its meaning and what it might result. The illness is not complained of by the drafted men, but by those who claim dependency.

Large Number Recalled.

A large number of men from Lee county were called for re-examination yesterday. It was said the board had been criticized for permitting the sons of some wealthy farmers to remain at home and the poorer men had to go. The board resents such comments and made a thorough investigation, in fact a special investigator for the government visited the locality in question and his report was contrary to those made by certain informants. The board learned that the men referred to were all working farms, working each day and that in but one or two cases did they make a mistake in exempting someone, and they were willing to reopen the case at any time someone brought sufficient evidence to their attention.

"Crime To Take Farmer."

E. J. Countryman, a banker of Dixon, created some discussion among the district board members when he made the statement: "A city man on a farm is not worth shooting. It's a crime to take all of the young farmers off the farms."

Fred Carpenter, a member of the board, took exception to some statements made by Mr. Countryman and an interesting discussion ensued between them.

BRITISH MAINTAIN ALL NEW POSITIONS

GERMAN COUNTER ATTACKS REPULSED WITH HEAVY LOSSES.

ADVANCED MORE THAN A MILE

(Associated Press Leased Wire)

Today found the British in Flanders holding all valuable ground gained yesterday when they surged forward on an eight-mile front on both sides of the Ypres-Menin road, penetrating the German lines more than a mile in places, and capturing more than 2000 prisoners.

Late yesterday the Germans began counter attacks but every one was effectively dealt with by British guns. The heavy casualties in these fruitless attacks evidently impelled the Germans to cease for the night was quiet.

In some sections the British continued their offensive tactics during the evening.

Today's advances announces resumption of British attacks during this morning on the outskirts of Gheluvelt where a position desired by the British was still held by Germans.

From none of the other fighting fronts were there indications in the morning dispatches of operations of more than ordinary importance.

HESS ORDERED TO CAMP DODGE

Dixon Boy Will Be Member of Quartermaster's Department

Ephraim Hess Jr., who several weeks ago enlisted in the blacksmith section of the quartermaster's department of the U. S. army, this morning received orders to report at Camp Dodge, Des Moines, Ia., for duty on Monday. He will probably be put to work at once at the cantonment where 42,000 Iowa and Illinois troops are being trained.

The Frolickers will give a social dance party at Rosbrook hall this evening, to which all dancers are invited. The Marquette orchestra will furnish the music.

"GOOD BYE DIXON; GOOD NIGHT KAISER"

SECOND CONTINGENT OF SEVENTY LEE COUNTY MEN FOR NATIONAL ARMY AT COURT HOUSE, DIXON.

(Photo by Hintz)

Subscribing wholeheartedly to the banner carried by Urban O'Malley, one of their number, inscribed "Good Bye Dixon, Good Night Kaiser," Lee county's second contingent of honored patriots to the national army cantonment at Camp Grant left this city Thursday amid a patriotic demonstration which has not been approached in magnitude since '98, when Co. G left for service in the Spanish-American war.

The parade was truly inspiring. Led by the Chamber of Commerce band, directed by L. W. Mitchell as Marshal of the Day, and escorted by a number of veterans of the Civil War, ladies of the W. R. C. and scores of citizens, honor boys marched through the streets of Dixon.

MEETING AT STATE EXPERIMENTAL FIELD WILL END AUTO TRIP

LEE COUNTY FARMERS SHOULD BE GREATLY BENEFITED BY TOUR.

START AT 9 A. M. TOMORROW

Field Meeting At 1:30 O'clock Will Be Addressed By State Experts.

The final meeting of the auto excursion throughout the county by farmers tomorrow, which has been arranged by County Agent L. S. Griffith, and in which it is assured many farmers will participate, will be the field meeting at the Dixon experimental field at 1:30 o'clock; everyone is invited. At the field, which is two miles west of Dixon on the Dixon-Westling road, a study of plots and results of crop rotation will be made, with addresses by Frank Garrett and Harry Glickerson of the University of Illinois agricultural department. They will show beans, corn, alfalfa, sweet clover, etc., and will demonstrate how an acreage return can be increased over 30 per cent.

The caravan will assemble at Joe Nicholson's farm east of the Inlet Bridge, Lee Center township. There the excursionists will see two silos, one of them the oldest in Lee county; a pure bred herd of Guernseys, null-foot hogs, silo filling with soy beans and corn, etc.

At 10:30 a stop will be made at the Swartz & Miller Greenlawn farm, five miles southwest of Dixon. Pure bred Duroc Jerseys and Holstein cattle; silos and good improvements in general; concrete hog wallows; and great tilting results are among the things of interest there.

Dinner will be eaten at Dixon and after that will come the field meeting at the experimental field.

"LICK YOUR PLATE AND LICK THE KAISER."

ANOTHER BOWLING ALLEY AT LOCAL Y

THIRD GAME WILL BE INSTALLED BEFORE WINTER STARTS.

WILL ERECT 12 STALL BARS

Carpenters are beginning work in the Y. M. C. A. building to make the required changes in the basement to get room for the third bowling alley which is to be installed this month. The alley and pin setter has been purchased and will be installed by the Brunswick Balke experts as soon as they arrive. At the same time the other two alleys will be put in first class condition for the winter's bowling. The large use made of the alleys last winter by the Y members compelled the board to get the third alley in order to give all the members a chance to bowl when they wanted to. The new arrangement will leave one alley for practice and general bowling all the time.

To Install Stall Bars. The physical department has made arrangements to install twelve sets of stall bars for the gym classes. This apparatus will make possible a more varied set of exercises, ranging from the very mild to those strenuous enough for the huskiest athlete. This apparatus will be in and ready for use when classes begin on October 1st.

Concord Hardware Man Says Means Was Particular Concerning Selection of Gun.

(Special to Telegraph) Concord, N. C., Sept. 20.—The pursuit of such assets as constitute the remnants of the estate of Mrs. Maude A. King, mysteriously slain, has become a game of hide and seek.

Mrs. Julie P. Means, wife of Gaston Means, Mrs. King's former business manager, was made a party today to the injunction granted last Friday by Federal Judge Boyd which restrained Means from disposing of any of the property of his former client.

The action was taken following a plea by Attorney Phil C. McDuffie, counsel for Mrs. Maude A. Robinson, the ailed mother of the dead woman, in behalf of the Central Bank and Trust Co. of Asheville, named as respondent.

SOUGHT TO BUY CONGRESS

COUNT VON BERNSTORFF

Former German Ambassador to the United States wanted \$50,000 to influence congress to keep out of the war against Germany. State department officials today made public a dispatch he sent in January. This is the first official word of the government connecting the former ambassador with the intrigues in this country.

EVERYTHING DONATED FOR CO. M BENEFIT

ENTIRE PROCEEDS OF MEALS AT ARMORY TOMORROW TO GO TO FUND.

HOURS: 11 TO 1 AND 5 TO 7

From 11 to 1 and from 5 to 7 tomorrow the men of Dixon will have an opportunity to show just how much they care for the comfort of Lee county's selected men in Co. M, 342nd Infantry division at Camp Grant by patronage they give the dinner and supper to be served at the armory for that purpose. The entire proceeds of the meals will go to the "comfort fund" to be used to equip the living room of the boys' barracks so it will be homelike and comfortable during the winter evenings.

Henry Kenneth Thomas Young, Howard Johnson, Walter Greig, Geo. W. Smith, George C. Dixon, R. F. Snyder and O. H. Martin are the committee in charge of the affair. They have solicited eats from the grocers of the city and everything has been donated. Therefore the patronage given the dinner and supper will measure the success of their efforts to add to the comfort of the boys.

MORE INDICTMENTS ARE ANNOUNCED BY COUNTY OFFICIALS

ONE MORE BENCH WARRANT IS ASKED BY GRAND JURY—ISSUED.

CHARGE GEO. CONRAD WITH RAPE

West Brooklyn Man Is Under Heavy Bonds—Nelson Man Also Held.

Two more indictments of the nine returned Thursday morning by the September grand jury, six of which were published in Thursday's Telegraph, were made public last evening by the prosecuting officials, and it is believed the ninth man indicted will be apprehended by tomorrow and placed under arrest, in which case information will be made public.

The two additional true bills announced last evening after the arrest of the defendants are:

George Conrad, West Brooklyn, George Palmer, Nelson.

Charged With Rape.

Conrad is charged with committing rape on Clara Hoerner, a 14-year old girl living near West Brooklyn, who is now a mother. He was arrested late in the afternoon by Deputy Nettz and is now in Lee county jail under bonds of \$2,000 fixed by Judge J. S. Baume.

Palmer, proprietor of a restaurant at Nelson, is charged with illegal sale of liquor at his place of business. He, too, has been arrested and since he cannot furnish the \$600 bail fixed by the court, is in jail.

Harry Fine of this city, charged with violation of the liquor laws, furnished the required \$800 bonds when the bench warrant was served yesterday.

All the indicted men will be arraigned in court Monday, when copies of their indictments and jury lists will be furnished them, as required by law.

BAND HONORED FORMER MEMBER

Chamber of Commerce Band In Tribute to H. S. Nichols.

As a special tribute to Herbers S. Nichols who, since its organization has been a member of the Chamber of Commerce band and who was one of the Lee county men who went to Camp Grant yesterday, and to others of the squad, the band accompanied the future soldiers to Rochelle yesterday and lead their parade through that city.

GIVEN DIVORCE.

Mrs. Margaret Leas was yesterday granted a divorce from her husband, Henry Leas, by Judge Baume.

ASKED FOR CASH-BUY CONGRESS

BERNSTORFF INTRIGUES ARE MADE KNOWN TODAY.

REQUESTED \$50,000

Indicated He Could Influence Congress and Thus Prevent War

(Associated Press Leased Wire)

Washington, Sept. 21.—Secretary Lansing today made public an astounding addition to the series of disclosures covering German intrigues in America and elsewhere, in a message sent by Count von Bernstorff, former German Ambassador, in January of this year to the Berlin foreign office requesting authority to pay out \$50,000 to influence Congress through an un-nanted organization, apparently known in Berlin.

Count von Bernstorff indicated in his message that money had been paid by this organization on former occasions to perform the same work.

The text of the message made public without comment by the state department, follows:

"I request authority to pay out \$50,000 in order as on former occasions to influence Congress through the organization you know of, which can perhaps prevent war.

"I am beginning in the mean time to act accordingly.

"Under the above circumstances a public official German declaration in favor of Ireland is highly desirable in order to gain the support of Irish influence here."

Knew of Plans.

The reference to avoiding war is taken as an indication that the ambassador had prior knowledge of his government's intention to proclaim a widespread submarine warfare and that he was confident the U. S. could not be equally placated by mere promises.

Today's announcement by the state department is the first official utterance of the government with reference to the German ambassador's active personal participation in plots and intrigues conducted for Germany's benefit in this country. The name of the organization involved, the manner in which the money for the purpose was expended, the previous instances and the individuals carrying on the propaganda, although not disclosed, presumably are known to the state department and the department of justice.

RELATIVE IN EVERY U. S. WAR BUT ONE

JEREMIAH PRESTON, 95 YEARS OLD TODAY, TRUE PATRIOT.

Jeremiah Preston, one of the oldest persons in Lee county, is today enjoying his 95th birthday, at the home of his son on Peoria avenue. Mr. Preston was born at New Ipswich, N. H., September 21, 1823, and since that time has seen the wonderful development of his country. Mr. Preston has had a near relative in every war this country has ever had but one, the Spanish-American, the last one being his grandson, Lieut. C. G. Preston of Co. G, 6th Illinois Infantry, now Battery C, 4th U. S. Heavy Artillery, at Camp Logan, Houston, Texas. He, himself, was engaged during the Civil war, in making small arms for the government. For many years he was in the employ of the C. & N. W. Ry. He is active as a man of 70 and during the past summer has worked in his garden every day.

LABOR SECRETARY ON BOARD

John M. Walker of Illinois Also Ap-
pointed—Employees and Union
Men Continue Conference in
Effort to Settle Trouble.

Washington, Sept. 21.—President Wilson moved to settle the labor difficulties threatening the war industries in the mountain districts and on the Pacific coast.

A letter to Secretary of Labor Wilson from the chief executive was made public appointing a commission to get in touch with employees and employers. The commission, headed by Secretary Wilson, will report to the president.

Names Labor Committee.

The president's letter follows: "I am very much interested in the labor situation in the mountain region and on the Pacific coast. I have listened with attention and concern to the numerous charges of misconduct and injustice that representatives of both employers and employees have made against each other. I have decided to appoint a committee to visit the localities where disagreements have been most frequent as my personal representatives.

"The commission will consist of William B. Wilson, secretary of labor; Col. J. L. Spangler of Pennsylvania; Verner Z. Reed of Colorado; John M. Walker of Illinois and E. P. Marsh of Washington. Felix Frankfurter of New York will act as secretary of the commission.

"It will be the duty of the commission to visit in each instance the governor of the state, advising him that they are there as the personal representatives of the president, with a view of lending sympathetic counsel and aid to the state government in the development of a better understanding between laborers, employers and employees, also with the state governments.

"The commission should endeavor to learn the real causes for any discontent which may exist on either side, by getting in touch with the workers and employers. I would be pleased to have the commission report to me personally, from time to time, such information as may require my personal and immediate attention.

"WOODROW WILSON."

Denies Early Settlement.

San Francisco, Sept. 21.—Indications that the hope of early settlement of the strike of nearly 30,000 shipyard workers and allied craftsmen are not as bright as was reported, appeared just before employers and union men went into conference for further negotiations over the wage controversy.

L. J. McGuire of the Iron Trades Council, one of the union representatives at the conference, states that he read with surprise published statements of the employers that an early settlement was expected and that work would soon be resumed on millions of dollars' worth of war construction.

ceivers for the King estate.

Attorney Explains Move.

"We have reason to believe that Gaston Means is using his wife as a tool in sequestering certain money, which may belong to Mrs. King's estate," Attorney McDuffie said today on his return to Concord.

"I have received telegrams from my associate in New York stating that about \$9000 was transferred yesterday from a New York bank to a Concord bank by Mrs. Means. Since District Attorney Swann has revealed that the largest checks received by Gaston Means were endorsed over to his wife we have reason to assume the money came from Mrs. King."

C. F. Ritchie, the hardware dealer who sold Means the automatic pistol which caused Mrs. King's death, today made a detailed statement to Attorney McDuffie of negotiations leading to the purchase.

"Wants Bigger Weapon."

"Means first came to my store two days before Mrs. King's death," said Ritchie. "He said he wanted a .32-calibre automatic pistol. I told him I did not have one in stock but when he explained that it was to be used for target practice by a woman I recommended a .25-calibre, which I had in stock. He insisted on the larger weapon so I told him I would motor over to Charlotte and see if I could get what he wanted. I could not find one and when I returned I told him so. He answered by saying that he would try to make the smaller pistol do. The rifle which was in the machine on the ride was ordered by telegram from Richmond."

The book of the Bible called Leviticus is so called because it relates principally to the Levites and priests.

RANKIN SPEAKS AT MEET

La Follette, Mayor Van Lear and Others Lead Attack on H. C. of L.

St. Paul, Minn., Sept. 21.—Senator Robert M. La Follette of Wisconsin, Jeanette Rankin, representative from Montana, Thomas Van Lear, Socialist mayor of Minneapolis, and A. M. Todd, president of the National Public Ownership league, are leading the attack on the high cost of living at the closing sessions of the convention of producers and consumers under the auspices of the National Nonpartisan league.

Miss Rankin discussed the recent labor troubles in Montana copper mines.

Albert M. Todd declared that public ownership of all utilities and of natural resources necessary to public welfare is fundamentally right and public ownership politically right, since it promotes social justice and democracy.

A plea for true patriotism was made by Judge E. Torrance of Minneapolis. Judge Torrance urged the farmers to show the loyalty they are known to possess by purchasing Liberty bonds when the second loan is floated. He urged that farmers of the country show their real worth when the issue is floated, in other lines than the production of food. His address was the first of the three days' session which did not touch upon the unfairness of fixing the price of wheat without fixing the price of other necessities.

Senator La Follette declared that political parties have failed to give the people representative government.

We're the Medical Department
Of the Hundred Forty-Ninth;
We're strong and tough and Bucks
enough
To keep our men in line—
We brush their teeth and
Cut their hair and
Shave them up all fine—
For that's our biz—it
Certainly is—in the 149.

Oh, sanitary, fresh and
clean you must be—
Light, bright and airy, ever
a joy to see.
We're the Medical Department

We scrub and rub and
drub and grub
To keep things fresh and fine
And when the camp is neat

We stand up in our line
And greet "Retreat" with willing

TO HELP YOUNG GIRLS

**A Mother Wants Her Letter
Published.**

Eaton, Ill.—"I wish you would pub-
lish this letter for the benefit of young
girls. My daughter suffered greatly
from female trouble with cramps, and
headache, and backache most of the
time. She never felt like working and
it seemed as though she was sick all the
time. I decided to try Lydia E. Pink-
ham's Vegetable Compound and it has
helped her in every way, in fact it has
really cured her, for she no longer has
periodic pains, and no more headaches
or backache, and I want all young girls
who suffer as she did to know about it."
—Mrs. ALMA MILLIS, Eaton, Ill.

Another Girl's Experience.

New Castle, Ind.—"From the time
I was eleven years old until I was seven-
teen I suffered each month so I had
to be in bed. I had headache, backache
and such pains I would cramp double
every month. I did not know what it
was to be easy a minute. My health
was all run down and the doctors did
not do me any good. A neighbor told
my mother about Lydia E. Pinkham's
Vegetable Compound and I took it,
and now I feel like a new person. I
don't suffer any more and I am regular
every month. —Mrs. HAZEL HAMIL-
TON, 222 South 15th St., New Castle, Ind.
Girls who are troubled as these young
women were, should immediately seek
restoration to health by taking Lydia
E. Pinkham's Vegetable Compound.

day for a week-end visit. They will
meet there Mrs. Self's sister, Mrs.
Benj. Amey, and daughter Eliza-
beth, of Hillsboro, Ohio, who will ac-
company them home for a several
weeks' visit here.

Practical Club Met
The Practical Club held a very
pleasant meeting Thursday after-
noon at the home of Mrs. Chas.
Swim. With the president, Mrs. R.
C. Caughey, presiding, a brief busi-
ness session was held, the most in-
teresting feature of the evening was
the voting of Five Dollars to the canon-
ment library fund. Mrs. Chas.
Kleppinger read a most alive paper
written by David Fairchild, the cel-
ebrated horticulturist. The hostess
served tempting refreshments at the
close of the delightful afternoon.

Reception at Presbyterian
The informal reception at the
Presbyterian church this evening
for all new members and the teach-
ers of the city schools promises to
be very enjoyable, as a number of
committees have been busily engag-
ed the past week to make the affair
a success. The reception is to be
held in the church parlors which
have been especially decorated for
the occasion, and an interesting pro-
gram, but brief, has been prepared.
It is hoped that all the teachers and
all members of the congregation, both
new and old, will avail them-
selves of the opportunity to be
present.

New Song Books

ing church service, the chorus choir
will render some of the choice selec-
tions in order to familiarize the con-
gregation with them. This will be
largely a service of song.

Thursday evening after school at
the Episcopal church, the nucleus of
the new boys' choir for St. Luke's.

John Norton was out from Chicago

them their first training in vocaliza-
tion. "His small beginnings like this
that make great endings and great
things are hoped of the new choir."

also held their first rehearsal under
their new instructor.

ies' Aid society of the Grace Evan-
gelical Church will give a public mu-

Near a Storm Center.
Flatbush, I'm sorry I built right here
Bensonhurst—Why?
"Because they do say that sound car-
ries best southeast of a storm center."
"What's that got to do with it?"
"Well, I've just discovered by hear-
ing your wife's voice every night when
you arrive home late that I live in a
southeast direction from your house."

Present Claim That Price as Fixed Works Hardship.

Washington, Sept. 21.—A delegation of northwestern wheat growers and dealers presented to President Wilson their claim that the wheat prices fixed by the government work a great hardship upon the Northwest, calling for some measure of relief. Because of the addition of a differential of about 30 cents a bushel to the Chicago price of \$2.20, the president was told, it is almost impossible to sell northwestern wheat. Senators Chamberlain, Poin-dexter and Brady introduced the delegation at the White House.

MANY AT FUNERAL OF BELOVED LADY

SERVICES WERE HELD TUESDAY
FOR MRS. HARRY BECK-
INGHAM.

The last tributes were paid to a beautiful life Tuesday when the funeral services for the late Mrs. Harry Beckingham were held at the late home, 318 E. McKinney street, at 2 p. m., and from the Grace Evangelical church at 2:30. The pastor, Rev. J. G. Duffey, had charge. The floral tributes were many and beautiful. Interment was made at Oakwood.

Eliza Doan, daughter of Mr. and Mrs. Wm. Doan, was born in Darlington, Wis., August 4, 1898. She removed with her parents to South Dixon when five years of age and lived there until 16, when the family moved to Detroit, Minn., where she was married Sept. 23, 1914, to Harry Beckingham. Shortly after they came to Dixon and lived here until death overtook her, Saturday, Sept. 15.

Mrs. Beckingham was a member of Grace Evangelical church, a sincere Christian woman, dying in the faith. She was greatly beloved and will be sadly missed by her family and large circle of friends.

Beside her husband and parents she leaves to mourn her less three brothers and a sister: Jasper and George Doan of this city; Eljah Doan of Detroit, Minn., and Miss Susie Doan of North Dakota.

Those from out of town attending the funeral were Mrs. Joseph Beckingham, Mrs. Edw. Frye, John Remington and Mrs. John McKenna of Sterling.

D. B. Martin left Thursday for Spring Coulee, Alberta, Canada, to harvest the crops on his farm. He expects to be gone a month or so.

U. S. SETS COPPER PRICE

Government and Allies to Pay 23½ Cents for Metal.

Washington, Sept. 21.—President Wilson approved an agreement entered into by the war industries board by which the United States government, its allies and the public will obtain copper at 23½ cents a pound f. o. b. New York. The price is subject to revision after four months if conclusive evidence is presented to show that it should either go up or down. Apparently the president is determined to enforce his edict if recalcitrant producers fail to conform to the arrangement, as a formal statement issued said that the proper departments would be asked to take over mines and plants of those who balked. Severe restrictions are placed about the agreement, as it is provided that sales shall be directed through the war industries board in order to keep the output out of the hands of speculators, and that wages in the copper industry, now at a high level, shall not be lowered, and that the output shall be kept at a maximum.

THREAT ENDS BIG STRIKE

New York Longshoremen Vote to Submit to Arbitration.

New York, Sept. 21.—The longshoremen's union voted to submit to arbitration its grievances against the International Mercantile Marine corporation, against which the members were on strike, and to return to work today. The ballot stood 418 to 217.

The strikers' action was taken after they were informed by Capt. William B. Baker of the United States army transport service that the government would not tolerate further delays in shipment of war supplies; that it might become necessary "to declare the port of New York a government reservation," and that the conscription of labor would follow.

If they voted for arbitration, he said, they would be "treated fairly and squarely," but failure to do so would result in summary action by the government.

SUGAR AT 7¼ CENTS NEAR

Reduction in Price Promised Food Administration by Beet Men.

Washington, Sept. 21.—Appointment of an international committee to arrange for the distribution of available supplies of sugar in the world was announced by the food administration. Two members of the committee were appointed by the allied governments. They are Sir Joseph White-Todd and John V. Drake, Sr. Two American members of the committee appointed by the food administration are Earl D. Pabst, president of the American Sugar Refining company, and William A. Jamison of Arbuckle Brothers. The fifth member of the committee is George M. Rolph. The committee will arrange for the purchase and distribution of all sugar, both for the United States and the allied countries. The food administration also appointed a committee to handle the details of the distribution of beet sugar. All the beet sugar producers have signed the contract presented by the government assuring a maximum price for beet sugar of \$7.25 a hundred pounds at seaboard refining points as soon as the crop is available. It is said that this should mean a reduction of 1 cent a pound in the retail price.

FINISH BRIDGE AT QUEBEC

Largest Cantilever Structure in World Completed After Eleven Years.

Quebec, Sept. 21.—With the bolting into place of the big center span of the Quebec bridge, the greatest engineering feat of its kind ever attempted, was completed, and Canada became the possessor of the largest cantilever bridge in the world. The great structure, which is 3,239 feet long, cost \$20,000,000 to build, was all but completed today after 11 years of labor, the original structure having been started back in 1906. During its construction 84 men have lost their lives and a monetary loss of \$8,500,000 has been sustained through two collapses.

BRITISH CAPTURE 2,000 IN DRIVE

(Continued from page 1)

London, Sept. 21.—Field Marshal Haig's official report says that North Country and Australian battalions penetrated the German positions in the center to a depth of over a mile and captured the whole of their objectives. These included Hencel, Veldhoek and the western portion of Polygon Wood. Further north Zevenkote was captured, and also a few guns.

London, Sept. 21.—British troops on the Belgian front attacked the German positions east of Ypres and are reported to have penetrated the German positions as far as the Zonnebeke-Gheluvelt line. The official report says 2,000 prisoners were taken.

Reuter's correspondent at British headquarters, reporting the extent of the British advance, telegraphs that up to the time his report was dispatched the Germans had launched no counter-attacks. They were massing in certain places, however, where the British guns were bombarding them.

The British penetration has reached the depth of a mile, "which, considering the character of the ground, is a wonderful achievement," the dispatch adds. It characterizes the result of the attack as a "fine success."

Field Marshal Haig's selection of the battle front to the east of Ypres, in Belgium, as the scene of his latest offensive against the Germans, indicates that it is the continuance of the expressed purpose of the British commander in chief to force the armies of Crown Prince Rupprecht of Bavaria from the western coast of Belgium and to cut off the German submarine and airplane bases on the North sea from Zebrugge to Newport, including Ostend.

Offensive Well Prepared. The British drive apparently is being made in the direction of Roulers and Courtrai, from which Belgian towns, according to recent dispatches from the Dutch frontier, the German military authorities have been evacuating the civilian population.

That the British offensive has been in preparation for several days was made known in recent statements of the German general army headquarters staff. The Germans reported that the British were maintaining a violent and destructive fire against the Tonton positions, the bombardment frequently reaching the intensity of drumfire.

Berlin Reports Strong Attack. Berlin, Sept. 21.—A formidable drum fire on the Flanders front, reports the German general headquarters staff, was followed at daybreak by strong English attacks on a broad front.

For Attacks French in Vain. Paris, Sept. 21.—The official communication issued by the war office says that, after a violent bombardment, the Germans delivered an attack against French positions southeast of Cerny, but were checked by the French defensive fire and were unable to reach their objectives.

Canadians Retake Farmhouse. Canadian Headquarters in France, Sept. 21.—Sharp outpost actions occurred west of Lens, in which the enemy were the aggressors. The objective of the skirmish was a house in the western part of Lens, occupied by an outpost. A strong party of Germans attacked the house, but were driven off. They returned to the attack in stronger force and captured the house. The Canadians who had held it at once organized a counter-attack, driving out the Germans.

LEMONS BEAUTIFY! MAKE QUARTER PINT OF LOTION, CHEAP

Here is told how to prepare an inexpensive lemon lotion which may be used to bring back to any skin the sweet freshness, softness, whiteness and beauty.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands, and see for yourself.

TO EXHUME BODY OF RICH WOMAN

Relatives Plan Inquiry Into Death
of Mrs. Robert W. Bingham
at Wilmington, N. C.

WIDOW OF H. M. FLAGLER

'Acute Heart Disturbance' Given as
Cause of Death—Succumbed Eight
Months After Marriage to
Judge.

Wilmington, N. C., Sept. 21.—Official inquiry into the exact cause of the recent death of Mrs. Robert W. Bingham, wife of Judge Bingham of Louisville, Ky., and formerly the wife of Henry M. Flagler, one of the organizers of the Standard Oil company, through the examination of her body in Oakdale cemetery here, was rumored to be the reason for placing armed guards on duty at the burial plot.

Wilmington authorities granted permission to relatives of Mrs. Bingham to have the body taken up, but declined to either confirm or deny the rumors as to the reason. Dr. Charles T. Nesbitt, city health officer, even refused to say whether or not he had issued the permit.

Armed Guards on Duty.

At any rate, the guards are to be on duty day and night pending the examination, it was stated. An autopsy was also reported to be in prospect, to be performed by surgeons of national reputation.

Mrs. Bingham, who died July 27 last, was a daughter of the late Capt. William Kennan of this city. She inherited from her first husband, Mr. Flagler, a fortune estimated as high as \$70,000,000. Under the terms of her will her niece, Mrs. Louise Wise-Lewis of Cincinnati, was to receive the greater part of this fortune. Her death followed a brief illness, ascribed to "acute heart disturbance" about eight months after her marriage to Judge Bingham.

Mrs. Bingham was about fifty years old at the time of her death. Two sisters, Mrs. J. K. Wise and Mrs. Braham Kennan, live here, and a brother, William H. Kennan, Jr., resides at Lockport, N. Y.

Drug Figures in Case.

Louisville, Ky., Sept. 21.—At the time the codicil to Mrs. Bingham's will bequeathing \$5,000,000 to Judge Robert Worth Bingham was filed here developments indicated that the contest would be based on the supposition that Mrs. Bingham had been placed under the influence of a drug when the document was made and signed.

MANY REACH CAMPS

120,000 Members of National
Army Moved in Two Days.

Tremendous Success Attends Mobilization of Draft Force, Provost Marshal Crowder is Told.

Washington, Sept. 21.—Messages received by Provost Marshal General Crowder from practically every state tell of the tremendous success attending America's first heavy mobilization, the moving of more than 300,000 drafted men to camps.

The messages came from governors and camp commandants. Within the last two days approximately 120,000 men have been transported. There have been few cases of desertion, little grumbling and scarcely any breakdowns in the mobilization machinery.

The movement will be practically continuous until late in October. From 10,000 to 60,000 a day will go to the camps. The mobilization of the present 40 per cent will be completed only in time to begin on the next 40 per cent ordered out on October 5.

Preparations were being made for the examination of the 7,000,000 men left over from the present draft. The provost marshal general's office is prepared to send orders to local boards to start on the work immediately it is authorized.

Mr. Baker went to Camp Meade to review the troops arriving there. It is expected his orders will be transmitted to General Crowder.

It is estimated out of the 7,000,000 men at least two more drafts can be supplied. The first draft, according to semi-official figures, disclosed approximately one man out of every four available. These figures will, in the main, hold for the men yet to be examined, it is believed.

POLISH WOMEN ATTACK FOES

Destitution So Extreme Relief Workers Are Permitted to Seek Aid.

Washington, Sept. 21.—Starvation and rioting in Warsaw and other sections of Poland occupied by the Germans have so increased that Germany has relief workers to seek funds wherever they may be found. The Red Cross headquarters at Geneva and agents of the Rockefeller fund have been called upon for help.

Prices of food in Poland have risen to such a point that none but the richest can buy, the poor are literally starving and the mortality among the children is shocking.

Hatred of the Germans is so intense that women attack German soldiers in the streets, and gendarmes have been forbidden to patrol the country at night, as many of them have disappeared.

This information reached here from a man in Switzerland, who has been distributing relief in Poland, and was allowed to leave by the Germans on condition that he raise more money.

GARFIELD CHECKS COAL MEN

Complaining Operators Must Show
Costs or Agents Will Act.

Washington, Sept. 21.—A system of investigating coal producers' claims that government-fixed fuel prices are too low to allow profitable operation has been worked out between Dr. H. A. Garfield, the fuel administrator, and the federal trade commission.

Hereafter, it was announced, coal operators will be required to submit definite figures on production costs to buttress their protest, and when these are not given, trade commission agents will be sent into the coal fields to ascertain costs.

From these figures the trade commission, acting in an advisory capacity to the fuel administration, will determine whether a hearing on complaints should be granted.

AMUSEMENTS FOR U. S. ARMY

President and Aids Back Plan to
Raise Funds.

Washington, Sept. 21.—President Wilson, endorsed and Secretaries Baker and Daniels jointly authorized a national campaign to raise about \$3,750,000 to provide entertainment for the men of the new army and navy in the cities and towns near the training camps. The campaign will be directed by the war camp community recreation fund committee, composed of prominent men in different parts of the country.

The war and navy department commissions on training-camp activities have delegated the task of supplying amusements to communities adjacent to camps to the Playground and Recreation Association of America.

POTATOES

The crop was estimated before the Frost damage at ONE-FOURTH LARGER than last year. Last year's crop was not HALF LARGE ENOUGH to feed our Nation at reasonable prices. We do not know just what the price will be—as we have no control of crop or demand—but would advise buying your Winter supply medium EARLY—any time the stock is good and ripe after the first of October, or before if price will justify. Would advise laying in your stock at the same time the BIG OPERATORS are laying in theirs—and BEFORE the Big Operators get CONTROL of the price.
